MERCIER IS DEFIANT.

HIS REPLY TO GOVERNOR ANGERS' LETTER.

One of the Quebec Newspapers Talks About Civil War—More Printing Bureau Boodling—Lister and Minister Foster Have Another Lively Row.

OTTAWA, Sept. 18.—Premier Mercier has thrown down the gauntlet to Lieutenant-Governor Angers, and defies him to appoint a royal commission to enquire into the Baie des Chaleurs boodle charges. Col. Amyot's paper says a civil war would be the result of any high-handed proceedings. Mercier has sent a letter to the Lieutenant-Governor stating that he would not allow the Lieut.-Governor to override him, and that he was responsible to the people alone for his conduct. In the Senate yesterday, Senator Scott asked Premier Abbott if the Governor-General had received a copy of Mercier's reply to Gov. Angers' letter. Mr. Abbott replied that he was not aware of any.

PRINTING BUREAU COMMISSIONS.

In the Public Accounts committee yesterday T. A. Scott, book-keeper for the Dominion Type Foundry, testified that a cheque for $100 was given to the Conservative Association of Montreal. The same day a cheque for $5000 was received from the government in payment for the printing plant. Mr. Scott added that Mr. Senecal told him that all the commissions which he received did not go to himself, but he had to divide them with others. During the session Mr. Lister pointed out the discrepancy between the evidence given by J. Brooks Young before the committee and that which he gave in court at Montreal in the suit of the New England Paper Company against Berthiaume, proprietor of La Presse. Mr. Foster said the latter evidence had been ruled out by the court as irrelevant, and he did not want it brought before the committee. Dr. Sproule was supporting the objection, when Mr. Lister sprang up and declared that this evidence was most compromising. Then the words flew thick and fast, Foster demanding from the chairman if there was any protecting against blackguardism in this committee. He pounded the table, saying that if anyone said that he knew Lister did not have this evidence, he stated what was false. Mr. Lister repeated his charge, in what seemed a paroxysm of rage, and for a moment the two men leaned across the table, shaking their fists at one another and threatening, while Clarke Wallace stood between and tried to secure order. Finally mutual apologies were exchanged and business went on.

SPORTING INTELLIGENCE.

Matters of Interest Going Forward in the Sporting World, Here and Elsewhere.

THE OAR.

A CHALLENGE FROM HANLAN AND O'CONNOR.

The following appears in the New Westminster Ledger: Sir,—While Mr. O'Connor and myself are in British Columbia we are anxious to give the public as much boat-racing sport as possible during our stay, which will be necessarily short. I learn that your local oarsmen, Messrs. McLean and Murray, have expressed a desire for a brush with us, and we will gladly accommodate them, double or single. If double, the race could be rowed on Monday, 27th, for stakes of say, $500 a side, distance three miles, over the same course as next week's regatta, or any other near Westminster.

For the same amount of stake money I am also open for a race with Mr. McLean or any other Provincial oarsman in skiffs, fishing boats, yawls, or any other kind of craft that may be propelled with oars or poles. Distance, from three miles to ten. Mr. McLean should have some advantage over me in lapstreaks or boats with stationary seats, but I am willing to stand the hazard so as to give the public some amusement.

Mr. O'Connor is also willing to row any Provincial oarsman in any style of boat; or we could all enter in a sweepstakes of $500 the winner to take two-thirds, and second man one-third of the total stakes; race to take place on the Fraser, Monday, September 27.

In earnest of the above, I herewith post a forfeit of $25 with the editor of the Ledger. EDWARD HANLAN.

Westminster, Sept. 16, 1891.

The single scull race for the championship of the James Bay Athletic and for the Helmcken cup, will take place over a course starting from opposite the club house around a stake anchored in West Bay and back to the boat house. The race will start at 3 o'clock sharp. The entries are: DeBrisay, D. Sullivan and George Watson. They are all perfectly at home in outriggers and will make a good race. The following boats will be used: Sullivan, a boat built by T. Jones, 20 feet long, 75 pounds; DeBrisay, the one one that Peterson rowed in, built by A. L. Rogers, of San Francisco, weighing 40 pounds; Watson, built by Alex. Watson, weighs 35 pounds. Ald. C. E. Renouf will act as starter and referee.

ATHLETICS.

The first annual games of the Metropolitan Association of the Amateur Athletic Union of the United States occurred at Manhattan field Saturday. It was notable because of the phenomenal performance of George Gray and J. S. Mitchell. The former broke the record (his own) for putting the 16-pound shot by 2½ inches, with a put of 46 feet 6 inches, and Mitchell broke two records. He threw the 16-pound hammer 139 feet two inches, breaking Arthur Hale's English record and the world's by 11 inches. Mitchell also threw the 46-pound hammer 32 feet 3½ inches, beating the record by 10½ inches.

FOOTBALL.

THE CANADIAN-AMERICAN TEAM.

TORONTO, Sept. 17.—A London cable says the Canadian-American football teams scored the second victory of their tour, yesterday, defeating a strong Lincoln City team by two goals to one.

BASEBALL.

There will be no game at the Caledonia Park to-morrow, the rain having spoilt the grounds for a few days at least.

FRANCIS HENDRICKS.

Who Has Succeeded J. Sloat Fassett as Collector of the Port of New York.

WASHINGTON, Sept. 18.—The President to-day appointed Francis Hendricks collector of customs for the port of New York, to succeed J. S. Fassett, nominated for governor by the Republicans of New York State.

Francis Hendricks was born in 1835 in Kingston, N.Y. He was not successful in his early business adventures in Rochester, but in 1861 he went to Syracuse, built up a good business in photograph and art material and amassed a considerable fortune. His office holding began with the fire commissionership of Syracuse, which is regarded

as an office of consequence. He was afterwards mayor of the city twice, served two terms in the Assembly, and three in the Senate. In the latter body he was Chairman of the Committee on Cities. He has always been nominated by acclamation and never has had a vote polled against him in conventions.

In politics he had a notable local reputation, from the fact that when he was Chairman of the County Committee in 1880 the majority ran up to 4467, while it was only 8300 before. Mr. Hendricks is well liked by the administration, and had he not been in Europe when Erhardt resigned would probably have then succeeded him as Collector of the Port of New York instead of Fassett.

Bismarck and the Kaiser.

LONDON, Sept. 17.—The Standard's Berlin correspondent says the effort to reconcile Emperor William to Prince Bismarck has completely failed.

Twelve Killed in a Tunnel.

ROME, Sept. 17.—Twelve workmen buried by the falling in of a railway tunnel near Messina, have been found dead.

Italy Recognizes the Junta.

ROME, Sept. 17.—The Italian Government has recognized the junta as the established government of Chili.

Nanaimo Notes.

NANAIMO, Sept. 18.—The first nitroglycerine that has ever been manufactured in British Columbia was turned out on Wednesday morning at the Hamilton Powder Works. The composition is first in the nature of an oil, and is then mixed with absorbents and then into sticks ready for use. The manufacture of the different explosives has been carried forward under the personal supervision of Mr. J. Young, the manager. So far he has been successful in all his undertakings, and now the works are turning out all grades of high explosives. The powder works is one of the chief industries of Nanaimo, and is therefore of great importance.

SPINA'S TROUBLE.

It appears Luigi Spina, the young Italian who endeavored to get married to Josephine Willimarst the other night, is not likely to forget the episode for some time. The father of the young girl intimated at the Wellington Police Court his intention of charging Spina's boarding mistress with conspiracy in assisting in the abduction of the young girl. The case was remanded for one week to enable him to do so. The affair is causing considerable interest in the Wellington circles.

LITTLE HAPPENINGS.

The contract for a four-story brick building to be erected opposite the Post Office has been awarded to J. A. Coulson, of this city, and the work will be commenced at once.

The fire laddies who are selected to take part in the coming tournament are getting down to fine practice, and it is safe to say they will give a good account of themselves.

Mount Tolmie Park. Look it up.

PERSONAL.

Movements of Well Known People in Various Directions.

H. R. Morse, jr., of Vancouver, is in the city.

Geo. Beckingham and wife, of Seattle, are in the city.

Mayor Grant was a passenger to Tacoma on the City of Kingston last night.

D. M. Cerley, editor of the Commercial Journal, returned from Vancouver last night.

C. A. Lombard has been confined to the house with a slight illness for the past few days.

Wm. Stamer, who has been at the Jubilee Hospital for several days with typhoid fever, is a little better.

Mrs. and Miss Seabrook left by this morning's train for Nanaimo, to spend two or three weeks as guests of Judge Harrison, Departure Bay.

G. H. Whymark, general agent of the Upton line of steamers, running between Victoria and the Orient, arrived from China on the Batavia. He is accompanied by Mrs. Whymark.

T. L. Moore, general freight agent of the Northern Pacific Railroad, St. Paul, Minn., and Mrs. Moore, arrived in the city yesterday by the City of Kingston, on a flying business trip. They left again by the Kingston in the evening.

Mount Tolmie Park. Look it up.

THE VICTORIA SHOW.

THE NEW BUILDING AT THE DRIVING PARK.

A Magnificent Situation—Large, Commodious, Well-Lighted and Well-Arranged Buildings—Promise of a First-Class Exhibition, Etc.

It was with genuine surprise that a representative of the TIMES beheld the preparations which are being made by the British Columbia Agricultural Association to insure the success of their annual fair. The TIMES representative knew, of course, that the Association had secured grounds at the Driving Park, and that commodious buildings were in process of construction. During his trips to Oak Bay in a humble effort to make the tramway pay dividends, he had noticed that an edifice with some pretensions to size and architectural beauty was being built, and he had not failed to acquaint himself with its character. But of the details of the thing he knew nothing, nor did he take the trouble to inquire. His curiosity was content for once with the general statement that "those were the buildings of the British Columbia Agricultural Association." When, therefore, yesterday, the TIMES representative beheld for the first time at close range the grounds and buildings in question, he was, as has just been stated, surprised. Distance had not lent enchantment to the view. The TIMES representative can cheerfully recommend a closer view of the new Agricultural Hall and grounds than is afforded from the windows of the tram cars during a trip to Oak Bay.

The fair buildings are immense—not in respect of vastness although it cannot be charged that they are undersized—but architecturally, in point of arrangement, both outside and inside. The main building very nearly describes the form of a Greek cross, the crosslets covering respectively 120 and 132 feet. The building is three stories in height, and a magnificent tower, flanked by four lesser ones, surmounts the whole. The main tower has a height of 130 feet, atop of which rises a flag staff probably 30 feet higher. All the towers are provided with flag staffs, and in fact these are a feature of the building. There are 23 flag staffs in all. Glass forms a no inconsiderable feature of the composition of the building, which, it should be explained, is of wood. The sides of the building, extending clear around it and from ground floor to roof, presents an almost unbroken series of windows, an arrangement which not only guarantees plenty of light on the inside, but which so far as exterior appearance goes seems to be about the correct thing. The effect of so much glass is to give the building a richness of appearance that it would not otherwise possess. The building when completed will have required something like three-fourths of a carload of glass and half a million feet of lumber. The inside plan of the building is admirably adapted to the purpose in view. The ground floor will be devoted to the products of the farm and mine and the heavier forms of machinery, the first gallery to such matters as interest the softer sex; the second gallery to art. As these galleries extend entirely around the building, it will be seen at once that in the matter of exhibits there will be no want of space. The first gallery is reached from the ground floor by four ground staircases easy of ascent. Spiral stairways connect the ladies' gallery with the art gallery, and the roof, which has been arranged for sight-seers, is reached by stair cases of a similar pattern. From the roof the view is magnificent. The Straits appear as a sheen of silver, the Olympians stand out prominently and Mount Baker seems to be but a short distance away. Closer, as it were at one's feet, we have Oak Bay and the surrounding valley dotted with farm houses. The view of the race course is superb. No finer view is possible in this vicinity than is afforded from the roof and towers of Agricultural Hall, except from the summit of some lofty mountain. At each end of Agricultural Hall, that is at the eastern and western ends, we have two magnificent porticos. The grand entrance to the hall will be from the eastern end, and this brings to mind that hard by is the poultry hall, a building 30x60. Here the British Columbia hen goose, duck and drake will exhibit their respective selves, and it is to be hoped that, noting the pains to give them publicity—the British Columbia hen especially—will redouble her efforts to stop the importation of the product of her American cousin. Back from the poultry hall we have the show ring, size 114x130. Of stock sheds there are 800 running feet of open sheds and 600 running feet of box stalls. The open stalls will accommodate 500 head of stock. Entrance to the grounds is had from two directions, Cadboro Bay road and Exhibition Drive. The entrance for stock will be on the side of the Cadboro Bay road. In conclusion it must again be repeated that the TIMES representative was surprised at the character, both in respect of cost and completeness of the preparations which are being made to secure the success of the forthcoming fair. When it is borne in mind that it was only on the 7th of July that Contractor Lorimer first broke ground, we gather some idea of the manner in which the work has been pushed; and all the greater the undertaking appears to be when we bear in mind the thoroughness of workmanship which is being displayed. With regard to the sheds, stables and poultry hall, Mr. Beam, the contractor, has shown an energy not less marked than Mr. Lorimer's. Incidentally, it must be mentioned that in the matter of electric lights and accommodations for ladies, special pains have been taken. The hall and grounds will be lighted with electricity consisting of 30 arc lights and as many more incandescents, ample dressing rooms and lavatories have been prepared for lady guests. In a word, there is nothing lacking, so far as the forethought of the association could provide, to make things both pleasant and convenient for both man and beast. The grounds will be reached by electric cars. Finally the TIMES representative feels that an expression of thanks is due from him to Messrs. Kerr, Renouf and Dalby for courtesies rendered, and for information secured at their hands.

BRIEF LOCALS.

One Day's Doings in City and Province Briefly Related.

Perfect cooking "porridge pots" at McLennan & McFeely's.

New Autumn Dress Goods, Plain and Fancy, at the City House.

THE WEEKLY TIMES is out to-day, full of news, local, provincial and foreign. It should be in every family.

Simpson's bon ton tailoring parlors, 86 Government street. Dress suits a specialty.

People say the Dominion Hotel is the place for a 25 cent meal. Twenty-one meal tickets for $4 50.

Mr. Kellie's splendid collection of minerals, which is now on the way to the Provincial Museum, will be displayed at the New Westminster exhibition next week. The collection weighs over a ton.

For a few days only $300 will buy a quarter acre lot close to town. Lee & Fraser, 11 Trounce Avenue.

Commencing Monday we will sell tan and summer goods at cost. Carmichael & Patterson, 35 Johnson street.

An extensive sale of Vancouver real estate has been made by the Hon. Forbes G. Vernon. The property consists of 78 lots in sub-division 182, and the sale was made without the intervention of an agent. The price has not been stated.

A large stock of *Crossleys*, Wilton, Brussels and tapestry carpets for fall trade at Weiler Bros.

Two men were arrested this afternoon on suspicion of having rolled one of the hunters of the Pathfinder last evening.

All broken lines boots and shoes must be cleaned out to make room for new goods. Carmichael & Patterson, 35 Johnson street.

George A. Smith, of Alberni, P.L.S., has been appointed Government Agent, Assessor and Collector, under the Assessment Act, Collector under the Revenue Tax Act, Mining Recorder, Collector of Votes, and Returning Officer for the Alberni Electoral District, vice John C. Mollet, resigned.

Several carloads of new styles antique oak bedroom suites, sideboards, extension tables, hall racks, etc., just received by Weiler Bros.

Ladies, before making your fall purchases, please call at Stevens & Jenkins', Douglas street. We have a splendid line of fall jackets, hats, and the latest styles in dress goods; first-class dress and riding habit making. Seal and all kinds of furs made up or altered. sp17-2w

An investigation will be held into the charges preferred against Mr. I. H. Hallett, S.M., in the court house at Vancouver, on Tuesday next, before the Attorney-General. Matters touching the police magistracy will not come up, but the object will be to show that Mr. Hallett is not a fit and proper person to hold the commission of Stipendiary Magistrate.

THE KOOTENAY MINES.

Items Taken From the Nelson Miner—Capitalists Looking for Interests.

The Giant powder Company of Victoria brought in a carload of powder this week, half of which was reshipped to Ainsworth. The agent of the company, Mr. Wright, says he expects another carload this fall, as the demand is much greater than he expected.

Three weeks ago the Miner reported a strike being made on the Lardeaux by a party of prospectors from Revelstoke. The report is confirmed by private letters received at Nelson. The ledge is said to be fully a hundred feet in width, and the ore gray copper, running high in silver. It is also reported that the discoverers want the government to cut a trail to the find, a distance of two or three miles.

The recent discoveries on the Salmon, to the Southeast of Nelson, are attracting attention. This week Thomas Watts, who represents Ottawa capital, arrived at Nelson with a view of taking a look at the lake country, and more particularly the above discoveries, the richness of the ore being the incentive. A half dozen locations have been made in the new camp by Jack Buchanan, Mike Landrigan, C. M. Getting, William Springer, and R. G. Henderson.

The tunnel on the Grizzly Bear is under cover over 70 feet, and superintendent Robertson reports the work making good progress. His company are getting in supplies and otherwise preparing for the long winter that is not far off, on Toad mountain at least. This week A. S. Farwell completed the survey for a wagon road between the Grizzly ground and the main road from Nelson. It was found that the new road would be three miles long and not a difficult one to build, the grade being easy.

A man named Brown, who hails from Portland, Oregon, drove 140 head of horses all the way from Oregon to Hagwilget valley, near the headwaters of the Skeena river. The animals were sold to the Indians and brought high prices. He was accompanied by his wife, who rode the whole distance (over a thousand miles of wild country) on horseback. Brown reports having passed through some beautiful valleys, suitable for farming and stock raising. He left Oregon early in May and reached Hagwilget valley in July.

The tenor of the notices posted on the Silver King ground indicates that the owners of that great property do not care to be troubled with visitors, no matter whether they are sight-seers or mining sharps. Even specimens of peacock copper are not to be taken from any of the dumps, a violation of the notice subjecting the violator to the dire penalties of the law. The crosscut from the bottom of the shaft is again in ore, said to be high-grade, which makes the present vein the second encountered in running the crosscut 50 feet more. Mr. Hall, one of the owners reports the mine looking good.

While it is asserted that electric mining machinery is in successful operation, the facts do not bear out the assertion. Electric plants have been ordered for several mines, and one or two practical tests have been made, but, so far, the results have not been satisfactory. If the practical tests had been satisfactory an electric drill would to-day be at work on Toad mountain. A. M. Esler, manager of the Deadly Mining Company, was in Nelson this week, on his regular monthly visit. Mr. Esler is also manager of a mine in the Coeur d'Alene, a country in which mining operations are carried on with the most approved machinery. An electric plant was put in in one of the mines there, but the drills, which not failures, did not work satisfactorily.

After diphtheria, scarlet fever, measles, or any other severe illness, there is no better tonic than Hood's Sarsaparilla.

The Riots in China.

SHANGHAI, Sept. 17.—China is preparing a protocol to the powers on the recent riots. It is believed that foreign ministers will not wait for this document, the preparation of which is likely to occupy several weeks.

PARIS, Sept. 17.—The Chinese charge d'affaires has visited Foreign Minister Ribot, and after informing him that China recognized that the measures hitherto taken to protect Europeans in China were insufficient, assured him that the negligent mandarins would be dismissed and the rioters punished. He added six of the latter had already been hanged. It is feared, however, that these promises will remain a dead letter.

LONDON, Sept. 17.—A Berlin correspondent of the Standard of this city telegraphs that the German foreign office has received news from China that her government is unable to fulfil the promises made to the representatives of the powers, that she would punish those implicated in the recent outrages upon foreigners and their property, but that she would in the future protect foreign subjects.

SHANGHAI, Sept. 17.—It transpires that the Tchang riot was planned at Kaloshui, and executed by disguised Hunan soldiers. The Catholic and Protestant missions and resident property of the members of the foreign settlement have been looted and burned. The British consulate, custom house and Chinese property inside the city were protected by the populace. The civic and military authorities were helplessly inactive. They feared to seize the leader of the outbreak. A detachment of British sailors has gone to Tchang on a chartered steamer. The situation is very grave.

Tacoma Embezzlers Captured.

EMPIRE CITY, Or., Sept. 17.—Fred. Chandler and Edward Albertson, the Fidelity Bank robbers, of Tacoma, were arrested about four miles below Gardiner last night by Chas. A. Lampkins, Deputy United States Marshal of Tacoma, assisted by W. W. Cochran, of Eugene, and G. N. Moore, of Gardiner, and J. T. Thompson, of Florence. The arrest was effected by a well arranged plan, very skillfully carried into execution. Albertson and Chandler were taken by surprise, being ordered to throw up their hands. They were slow to obey; Chandler's hands finally went up, but Albertson reached for his pistol. He was ordered to throw up his hands, again, and, on refusing, was shot and wounded by Cochran, who shot to cripple the now desperate defaulter, the ball making only a flesh wound. They were then easily captured. Chandler and Albertson were taken to Gardiner at once, and medical aid summoned for the wounded defaulter. He has the best of care, and is resting easily. Chandler talks freely, and exonerates all persons other than himself and Edward Albertson from any complicity in the affair, but will not give any details leading up to the robbery of the bank. Lampkins will take Chandler out by way of Drain, to-morrow, and Albertson will be left in charge of Deputy Sheriff Cochran until able to be moved.

Mount Tolmie Park. Look it up.

C. P. R. and Great Northern.

NEW YORK, Sept. 17.—Dow Jones' news agency says:—We have made inquiries about the rumor of a big deal in the West by the Great Northern, the "Soo" and the Canadian Pacific, and are told it grows out of the fact that President Hill, of the Great Northern, is now escorting through the northwestern country Lord Mount Stephen and other Englishmen, who have large interests in all the three properties named, and who are looking over the country, especially these railroad properties and certain mines. They have gone out over one system and have returned over another. There is no idea of consolidating the system, as reported.

Four at a Birth.

BIRMINGHAM, Ala., Sept. 17.—Mrs. Charles Bellen, wife of the foreman of the Alabama Great Southern Railway shops, is the happy mother of four little babies, all born on Tuesday night. Three of them are boys, and all are doing splendidly. The mother is of average size, is white and 28 years of age and has never before given birth to a child.

James Vick's Failure.

ROCHESTER, N.Y., Sept. 18.—Notwithstanding the failure of the James Vick Seedsman corporation, James Vick will continue business on a smaller scale under his own name. The concern has been in embarrassed circumstances for years, but managed to tide over the emergency until the present crisis.

Eleven Drowned.

SAN FRANCISCO, Sept. 18.—The schooner Pannonia, long overdue from the Marshall Islands, has been wrecked on a reef to the northwest of the Hawaiian Islands. In addition to the crew of seven, the vessel had on board Captain Lovering's family, consisting of his wife and three children. All were drowned.

Editors Fight to the Death.

SULPHUR SPRINGS, Texas, Sept. 17.—In a fight between E. M. Tate, the editor of the Echo, and Everett Moore, editor of the Alliance Vindicator, who have been vigorously attacking each other recently, Moore was shot five times and Tate once. Moore is dead, and Tate is now under arrest.

Another Body Recovered.

NEW YORK, Sept. 17.—This morning another body was found in the ruins of the Fulton street fire.

Mount Tolmie Park. Look it up.

The Purest and Best

Articles known to medical science are used in preparing Hood's Sarsaparilla. Every ingredient is carefully selected, personally examined, and only the best retained. The medicine is prepared under the supervision of thoroughly competent pharmacists, and every step in the process of manufacture is carefully watched with a view to securing in Hood's Sarsaparilla the best possible result.

The Pinto's Misfortunes.

HAMBURG, Sept. 17.—Forty-five seamen and stokers of the crew of the wandering Chilian war ship Pinto, have deserted that vessel. The Pinto manager to get up steam and put to sea considerably short-handed. Her objective point is Havre, where she expects to be able to complete her crew and armament.

A Convent Sensation.

LONDON, Sept. 17.—In deference to public clamor, the authorities of Joural, in the Department of the North, France, are making enquiry as to what foundation there may be for the charges made by Miss Golding, an English nun, who recently ran away from a convent in that place. The Catholics strenuously deny the truth of Miss Golding's statements, especially as to the neglect and ill treatment of sick sisters, and threaten to incarcerate her as a lunatic. They also deny her intimation that there was some secret and terrible place of punishment connected with the institution. Miss Golding's story has created much excitement, both in England and France. She is a woman now of about middle age, of good family, and has a small private income sufficient for moderate support. She looks as if she had been on an ascetic diet for years. She was in the convent about a quarter of a century. Catholic ecclesiastics claim that she must be hysterical, but this is denied by her relatives. Miss Golding has not tried to make any capital out of her withdrawing from the convent, the alleged facts having become public through other sources.

Jews Kept Out of Palestine.

LONDON, Sept. 17—The pathetic spectacle of Jews being denied admission even to Palestine was witnessed last week at the port of Jaffa. The exiled Hebrews had to go back without being permitted to set foot on shore. They then applied at various ports, but were rejected at all of them. They were then conveyed to Cypress. In the city of Jerusalem the Turkish authorities are enforcing regulations calculated to annoy the Jewish residents and induce them to leave. Nevertheless, an English tourist writing from Palestine says the soil of the country is ample for the support of a large population, and that virtually no attempt is now made to work it. The same writer thinks the Sultan would readily grant the Jews access to the Holy Land provided he received a large sum of money for the privilege, and that he will not until then relax the existing situation.

Ravages of the Paylloxera.

VIENNA, Sept. 17.—The phylloxera is creating great havoc in the vines in the southern part of Styria, notwithstanding the fact that American vines have been grafted upon them for the purpose of exercising a curative effect.

Mount Tolmie Park. Look it up.

Mothers

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

Now is your chance to get a cottage cheap, and on easy terms. Lee & Fraser, 11 Trounce Avenue.

Mount Tolmie Park. Look it up.

THE LAST

GUESSING MATCH.

LANGE & CO.

before retiring from business in the early part of 1892, are going to have one more Guessing Match, for which they are offering Twelve Handsome and Costly Prizes, consisting of:

NEWS OF THE DOMINION.

Recent Happenings Reported From the Eastern Provinces.

Henry Kader, a prominent citizen of Stratford is dead, aged 77.

Premier Fielding, of Nova Scotia, has arrived home from England.

John Macdonald was thrown from a buggy and killed at Almonte.

John McGinty, of Beverly township, fell from a hay loft and broke his neck.

La Minerve says the Quebec Legislature will not meet before December or January.

George R. Gray's cheese factory at Belleville was burned. Loss, $3000; insurance, $1600.

The premises of the Magee Manufacturing Co., London, were damaged by fire. Loss, $10,000.

A Grand Trunk freight train struck a cow at Fergus and was thrown from the track. Fireman James Ding, of Palmerston, was instantly killed. Engineer John Sloan saved his life by jumping.

A settler, named Westerlund, of New Stockholm, near Whitewood, N.-W.T., chopped the head off his 3-year-old daughter with a broadaxe. He went insane after the death of his wife, last Friday.

A petition has been signed by a large number of lawyers in Montreal asking the batonnier to call a meeting of the bar to consider the advisability of a movement to obtain an increase of salary for judges.

The Brotherhood of Locomotive Engineers held a union meeting at Montreal on Wednesday. Several hundred delegates from all parts of Canada and the United States were present. Winnipeg and Brandon were represented. The proceedings were private.

There was no change yesterday in the situation among the strikers of the Chaudiere mills, at Ottawa, except that all the militia were withdrawn. Quiet reigns now reigns. None of the mills started up, although some of the bosses are willing to concede the men's demands.

Samuel Osborne, a respected farmer living near Carrolton, Manitoba, south of Brandon, met with an untimely death Monday evening. He was driving a binder, when his horses took fright and he got entangled in the machine, the knife severing one leg at the knee. He survived the accident but a few hours.

An unknown Frenchman was killed on the Nepigon railway bridge, on the C. P. R. He was crossing the bridge in front of a train, and instead of going into one of the places of refuge on the side he ran past one and kept in the middle of the track. Parts of the body were scattered on the bridge and parts went into the river.

The Montreal Star cable says: Forbes, the Canadian artist, has nearly completed his portrait of Gladstone. The picture will be presented to the National Liberal Club by Gladtsone's Canadian admirers. A copy of the portrait will be taken and placed in the Canadian House of Commons.

It is rumored in Kingston that Capt. English, of the Imperial forces, has been appointed instructor of artillery, etc., at the Royal Military College to succeed Major Edwards, and that Major Edwards on his way to England told a friend he intended petitioning the Queen to have his rank in the army restored to him. Major Edwards was the "single tax" candidate in Kingston at the general election in March.

Mount Tolmie Park. Look it up.

Balmaceda and His Silver.

PARIS, Sept. 18.—A Buenos Ayres dispatch says ex-President Balmaceda has arrived at Mendoza, capital of the Argentine province of that name. The same dispatch says 50 persons are remained in custody in Chili charged with crimes against the state.

LONDON, Sept. 18.—The Chilian silver brought from Montevideo, consigned by ex-President Balmaceda to war material manufacturing firms, was this morning delivered at the Bank of England. There it must remain until the legal questions involved shall have been disposed of.

British Labor Party.

LONDON, Sept. 17.—The agitators for a distinct labor society profess to be greatly encouraged by Mr. Gladstone's denial that he has questioned the right of labor to form a party for itself. On the other hand, in the same communication Mr. Gladstone says he does not question the right of any class in the community to form a party, but he dryly adds that "If they exercise the right we shall have a queer parliament." The trades unionists propose to run labor candidates wherever they have a chance of winning, irrespective of the views of Mr. Gladstone or any one else.

The Spanish Floods.

MADRID, Sept. 17.—It is estimated by the municipal authorities of Almeria, capital of the Province of that name, that two million pesetas ($400,000) will be needed to repair buildings and streets damaged by the floods yesterday evening. There was a renewal of the storms in the Province of Toledo, and much damage resulted. The Infants Isabella and Don Francis d'Assisi have each contributed 15,000 pesetas to the stricken districts.

Holyrood Palace.

LONDON, Sept. 17.—An Edinburgh correspondent says that a proposition long meditated is soon to be carried out, by which the regalia of Scottish royalty, including the regalia now in Edinburgh Castle, will be placed in Holyrood Palace. The condition of the palace itself is much improved, but the furniture of Holyrood is very dilapidated.

Another Record Broken.

LONDON, Sept. 18.—The Hamburg American line steamer Furst Bismarck, Capt. Albert, from New York September 10 for Hamburg, arrived at Southampton at 8:15 this morning, breaking the best previous record between New York and Southampton. Time, six days, 12 hours, 58 minutes.

Died of Hydrophobia.

SALEM, Mass., Sept. 17.—Charles A. Woodbury died at the Salem hospital yesterday of hydrophobia. He was 62 years old, and was a California forty-niner.

Americans to See the Holy Coat.

TREVES, Sept. 17.—The first party of American pilgrims, numbering 60 persons, under Missionary Braun of Minnesota, have arrived here.

New German Minister at Paris.

COLOGNE, Sept. 17.—It is announced that Count Wedell will replace Count Von Munster as the German ambassador at Paris.

A QUARTER OF A CENTURY AGO
There settled in Baker county, Oregon, near what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pains in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move about without the use of a cane. Hearing through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."
Oregon Kidney Tea cures backache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.

Advertisements unaccompanied by specific instructions inserted until ordered out.

Address THE TIMES P. & P. COMPANY, WM. TEMPLEMAN Manager

The Daily Times.

NOT MUCH FOR PURITY.

The majority report whitewashing Mr. Cochrane, M.P. for East Northumberland, has been adopted by the House of Commons on a vote of 97 to 75, though it was clearly proved that there was trafficking in petty public offices in his constituency, of which he was not ignorant. Sir Hector will receive the same lenient treatment from the House, and when Chapleau's turn comes he will, no doubt, be let down as easily. From all these occurrences the people will be able to judge how earnestly the Abbott Government desires to put down corruption. There is nothing but rottenness in the whole concern.

THE GOVERNMENT MOVES.

The Colonist seems to be in a state of mind over the success of the TIMES in convincing the Ottawa Government that Victoria was entitled to more consideration than it has received in the past. That is perhaps natural; our contemporary must be painfully conscious that it has no credit to claim, since it showed by its silence that it was quite content to see $20,000 spent on a useless drillshed while the harbor was to be put off with a paltry $6000. Thanks to the strictures of the TIMES, this absurd arrangement has been improved to some extent, wherefore the Colonist's annoyance is excusable, though it need not have shown quite so much bad temper. But our neighbor is wrong when it avers that the Government has been prevailed upon "to do justice to the city." Something like justice would have been done if the sums to be uselessly spent in satisfaction of Colonel Prior's military aspirations had been devoted to works of public utility and in the improvement of the postoffice and other public services. The public, if not the Colonist, will forgive the TIMES for condemning the stupid misappropriation of public funds.

It must be further "gall and wormwood" to our crusty contemporary to observe that the TIMES has been partially successful in instructing the Government on the postoffice question. Two more letter carriers are to be provided for Victoria, a slight concession to public convenience for which our efforts are directly responsible. This is not enough, however; four more carriers instead of two should have been provided, and other needed improvements should have been added. Possibly we shall be able yet to fully enlighten the Government and the city representatives on the requirements of the public service here; but it is likely that by that time the Tory regime will be very nearly at an end.

THE ST. CLAIR TUNNEL.

The sub-aqueous tunnel connecting Port Huron, Michigan, with Sarnia, Ont., is now open to traffic, and the celebration of the opening of the tunnel will be held to-morrow, the inhabitants of the respective cities co-operating with railway and government officials to give the occasion eclat commensurate with the enterprise. The work on this tunnel was begun at New Year's 1889, and the manner of excavating was by hydraulic shields, which resembled a barrel with the head knocked out. The weight of these shields was eighty tons. When the river bed was reached quicksand and water threatened to force an abandonment of the work, but here science stepped in and solved the problem by using compressed air, which sometimes was applied at 22 pounds a square inch. The pressure, however, at first applied was only 10 pounds to the square inch. The invisible wall of air kept back the quicksand and water. Sunday afternoon Aug. 24, 1890, the two gangs of workmen passed tobacco through an augur hole bored between the two shields. The first man through was Chief Engineer Hobson, to whose engineering skill the success of the work is due. The estimated cost of the tunnel was $2,500,000, including plant, material and labor. The cost, however, will not exceed the estimate, but rather will fall under it. The men at the helm of this enterprise were Sir Henry Tyler, M.P., George B. Reeve and Joseph Hobson, chief engineer of the Great Western division of the Grand Trunk. The completion of the St. Clair tunnel will immensely facilitate trade and traffic. The bridging of the St. Clair, if not outside the limits of engineering possibility, was not possible on account of cost, while the delays and dangers incident to car ferries were multifarious and exasperating. The opposition to the bridge project was extreme. In 1890 the net tonnage of vessels used for transportation on the great lakes was 826,360 and their aggregate valuation was $58,158,500, showing that the St. Clair River bore the greatest amount of commerce of any stream in the world, for most of these vessels passed through the St. Clair River. All these shipping interests supposed the bridge project.

BIRTHS IN QUEBEC.

The birth rate in Quebec is one of the marvels of this continent. "The recently published vital statistics of the Roman Catholic population of the Province," says the Toronto Mail, "make a most remarkable showing." The birth rate in 1889 among the Roman Catholics, who constitute five-sixths of the total population, was 47.86 per thousand, while last year it was 46.43 per thousand. That these figures are abnormally large, observes the Mail, will be seen from the fact that in 1889 the birth rate in Ontario was only 22.6 per thousand, and in England 30.6. Some of the Quebec figures are absolutely astounding. We find among them, for instance, the following:

County	Parish	1889.	1890.
Ottawa	Maniwaki	113.63	96.71
Pontiac	Portage du Fort	107.43	92.87
	Sheenboro	93.02	90.32
Quebec	Valcartier	126.66	136.66

In Sheenborough, which has a total population of 105, there were 28 births in 1889, and 22 last year. Mr. Mercier will soon hear from this parish, if he has not heard already. Taking the 653 parishes in detail, we find that in 74 of them the birthrate was over 60 per thousand last year, while in nine it was over 90 per thousand. In two parishes only was it as low as the Ontario rate for 1889. This astonishing birth-rate is, however, largely offset by the death-rate, which also is abnormally high among the Roman Catholics of Quebec. Ontario's death-rate in 1890 was 10.7 per thousand. The mortality of London, England, for the week ending August 22 last was at the rate of 17.8 per thousand per annum. The Quebec statistics show a death-rate of 25.99 for last year. In two of the 653 parishes the rate was over 60; in 157 it was over 30. Neglect of sanitary precaution is said to be one of the chief causes of this extraordinary mortality among the French-Canadians. If, therefore, these extraordinary vital statistics, which are the first ever collected in the Province, direct public attention to the urgent necessity for reform in this respect they will well repay the expense and time spent in obtaining them. It is only to be regretted that they do not cover the Protestant as well as the Roman Catholic population.

THE THREE AGES.

Childhood, Boyhood or Girlhood, and Youth.

Childhood embraces the first seven years of life, and is characterized by the rapid growth and development of the organs of the body. At the age of seven a child weighs about six times as much as at its birth, and it has attained one-half of the stature, and about one-third or one-fourth of the weight of the grown man.

Boyhood or girlhood embraces the time from the seventh to the fourteenth year of age. In the development of the body, this age is characterized by the appearance of the permanent teeth, by the completed growth of the brain, and by the first consciousness of sexual difference.

The age of youth extends from the beginning of puberty to the complete development of sexualty, or from the 14th to about the 21st year of age. At this time the growth of the body is completed; young men and women become aware of their special duties of life and the difference in the careers upon which they are respectively to enter.

During the age of youth, parents should note with great care and attention the health of their boys and girls. Structures are being completed and furnished for good or evil—for health or disease. While it is the duty of parents to fully develop the moral character of their sons and daughters, it is most essential that their physical condition be closely watched and guarded.

During the age of youth there is a tendency to overstudy and overwork both body and brain, which is sure to beget nervousness, sleeplessness and irritability. There is always a growing desire to cram too many studies and subjects in too short a space of time, causing tired, heavy brain, restlessness, and feverish anxious thoughts. All these dreaded results bring on dyspepsia, indigestion, kidney and liver troubles.

During the critical period of youth, science has amply provided for such contingencies. The wise among fathers, mothers and guardians know that science has provided from nature, for the youth, a remedy which is quick and powerful in overcoming every trouble that may result from want of care or thought or by indiscretion. This friend of youth is Paine's Celery Compound, the true nerve and brain food, a builder of flesh, bone and muscle; a life-giver and true vitalizer. The most eminent physicians are recommending and prescribing it daily for our young men and women. Parents who fail to use Paine's Celery Compound for their children are unwise, and certainly heedless of their future physical well-being.

Economy: "100 Doses one Dollar."
Merit: "Peculiar to Itself."
Purity: Hood's Sarsaparilla.

THE CITY AND DISTRICT

Look at This

Pianos tuned and regulated $2. W. C. Windebank, 45 Blanchard street.

An Open Meeting.

An open meeting of the W.C.T.U. will be held next Monday evening at 7.30 p.m. in the Temperance Hall. All honorary as well as active members are invited to attend.

Great Reduction.

John McCallum, merchant tailor, is offering for the next 30 days, tweed suits $25 to $30, fine worsteds, $40 to $45, pants, $7 to $12. Call and examine my stock at 43 Broad street. *

The Firemen's Tournament.

Chief Engineer Deasy has received word from Port Angeles that the city on the straits will be represented at the tournament in the person of the chief, assistant chief and several firemen.

Arrived O. K.

A fine stock of Razor Strops; a complete line of shaving materials, &c. Pocket Cutlery, Scissors, Table Cutlery direct from Sheffield, at Fox's, 78 Government street. Call and examine. *

Mount Tolmie Park. Look it up.

The Boiler Burst.

One of the boilers of the Chemainus saw mill burst the day before yesterday, owing to over pressure. There was considerable damage done by the explosion, but fortunately no lives were lost.

The Onderdonk Contract.

An Ottawa special says: "It is learned on good authority that the arbitrators in the Onderdonk matter will shortly make an award in favor of the company against the Government, for $750,000." The company claimed $5,000,000.

The Saanich Show.

The North and South Saanich Agricultural Society's annual exhibition will take place at the society's ground on Friday, October 9. During the summer, the society have had a race track made and will have races this year in connection with the show.

The Phantom Again Sold.

J. M. Cowper & Co., have purchased from Capt. Jacobson the steamer Phantom. It is stated that the price paid is $4000. The Phantom was recently purchased by Capt. Jacobson in Port Discovery and entered under the British flag. Cowper & Co. have also purchased two large new 200 ton scows.

For One Week

D. Campbell & Co., the leading tailors, will offer for one week only, an extraordinary reduction in suits made to order. Observe the following bargains: $30 suits for $25, $35 suits for $30, $40 suits for $35. Pants from $8 to $12, formerly $10 to $14. This is the last chance for this season.

Mount Tolmie Park. Look it up.

The Tacoma Exposition.

A large number of tickets have already been sold for the excursion on the steamer Olympian to-morrow to Tacoma. The weather promises to be clear by that time so that a pleasant trip up the Sound is anticipated. Mr. C. G. Rawlings agent of the Union Pacific, will keep his office at 100 Government street open this evening to accommodate those wishing to buy tickets.

Six Still Out.

There are six sealing schooners still out, the Juanita, Beatrice, Otto, Kate and Ocean Belle. The Juanita and Otto went out very late so they may have escaped the revenue cutters and warships. The others it is expected have been over to the Russian coast, but are daily expected home as two of them were seen by the Batavia on Wednesday and Thursday.

The Mascotte's New Role.

In view of the fact that there is no steamboat in British Columbia waters fitted with wrecking appliances, Mr. J. C. Prevost, owner of the steamer Mascotte, has ordered a full wrecking outfit and fire pumps to be placed on that craft. Probably some arrangement will be entered into with the city, whereby the boat can be used as a fire boat when necessary.

From Fraser Valley.

Steamer Rainbow has arrived with another consignment of Fraser River valley wheat for the rolling mills. This time she brings 75 tons, also from the samples sent out by Messrs. Hall, Ross & Co. for the farmers to experiment upon. It has turned out remarkably well so far, but fears are entertained that the recent heavy rains will entail much loss to those farmers who still have their grain outside.

Mount Tolmie Park. Look it up.

Wind Bound.

The steamer R. P. Rithet did not arrive from Westminster and Fraser River points until noon to-day, she having been wind bound in the Fraser all yesterday afternoon and last night. She will leave this evening and make up for lost time before Sunday night. She brought down 4000 cases of salmon which are being discharged into the bark Serica and she also brought down 1100 sacks of Enderby flour.

The Indian Sold.

A wag yesterday thought he would earn a dollar easily. He filled a whiskey bottle with water and sold the outfit to an Indian for an American dollar. The Indian was evidently a Good Templar, and decided to punish the white law-breaker by informing the police. Jailer Allen, as in duty bound, had to examine the liquid before he could commit to the cells a man on the charge of supplying whiskey to Indians. On opening the bottle it was found to contain—bad water. Result—Indian disgusted.

To-Morrow's Excursion.

Pride of the West Lodge, C.O.O.F., (M.U.), are well deserving the patronage of the public as the members have spared no pains to ensure the public a very pleasant time on the excursion to Tacoma to-morrow. Very superior brass and string bands have been secured. Returning from Tacoma there will be a concert in the cabin. The glee club will take part in this, also dancing for those who trip the fantastic toe; plenty of seats and comfort for all is secured by the issue of only 800 tickets, thus preventing over crowding. Any complaints about grievances should be made to the committee in charge.

Mount Tolmie Park. Look it up.

Out on Bail.

Mr. and Mrs. H. Fried, who were yesterday sent up for trial by Mr. Robt. Ward, J.P., on a charge of abduction, succeeded in securing their bail about 4 o'clock yesterday and were released. They will come up before a jury at the fall assizes.

The Census.

The committee of the council to which was referred the question of a new census of the city, has authorized Mr. R. T. Williams to proceed with the work. Blank forms are now being prepared for the work and the enumeration will be commenced in a few days.

Mr. Trutch Resigned.

Mr. John Trutch, C.E., who has filled the position of Land Commissioner to the E. & N. Railroad for a number of years, has resigned and is going to live in England for some time. Mr. T. S. Gore, C.E., has been appointed to the post rendered vacant by Mr. Trutch's resignation.

Fifty-First Drawing.

The Vancouver Island Building Society will hold its 51st drawing for an appropriation in the Sir William Wallace Society's Hall, Broad street, to-night at 8 o'clock. Members are requested to see that their shares are in good standing. Arrearages may be paid previous to the drawing.

The Late John Kurtz.

All that is mortal remaining of the late John Kurtz now lies in the hall of the Pioneer Society. From there the funeral will take place to-morrow afternoon at 2 o'clock to Christ Church Cathedral, followed by the members of the Pioneer Society, and the friends of the deceased, of whom there are many.

No Auction Sale.

A misapprehension seems to exist regarding the sale of the Mount Tolmie property on Monday, many supposing that an auction sale is to be held. Such is not the case. The sale commences on Monday next at 9 a.m. at the office of the company, when anyone can choose the lot, or home and lot, he may prefer, and which is to be paid for at the cost and times which are specified in the prospectus of the company.

To-morrow.

The public is invited to visit Mount Tolmie to-morrow. Arrangements are complete for the general comfort of those who wish to make the visit. Ample arrangements have been made to convey visitors from the Jubilee Hospital. You can go at any hour it will best suit your convenience. A large number have already signified their intention of taking in the enterprising improvements. A conveyance meets every tram-car at the Jubilee Hospital.

Two More Lucky Sealers Arrive.

The steamer Mystery arrived in this morning from Clayoquot with 1093 seal skins, the catch of the schooner Oscar and Hattie. The schooner will remain a few days at Clayoquot, loading on a quantity of oil.

Last evening the Favorite, Captain L. McLean, arrived in the harbor from Behring Sea with 1700 seal skins on board, which brings her total catch for the season up to 2074.

The sealing schooner Henry Dennis has arrived at Seattle with 1187 seal skins. She sailed from the Sound on November 19th last.

Police Court Notes.

For being drunk on the street, Jacob Roberts and Wm Casey were each fined $5 or eight days. Ben Butler—not the famous U. S. politician—was also fined the usual $5. J. M. Eglin, for an infraction of the park by-law by driving over the grass, was fined $10. The Indian woman Annie, on remand from yesterday charged with being in possession of liquor, was discharged. Geo. Wright, an Indian, was also allowed to go on the same charge. Gilbert W. Clayton East charged that John Kenny had used threatening language towards him, and that he greatly feared that said John Kenney would do him some bodily injury, and he wished him bound over to keep the peace. Kenny said that he never meant any wrong toward East. His Honor said that as the complainant had sworn to the commitment he was compelled to grant the petition, and the defendant was bound over in the sum of $200, $100 in himself and two sureties in $50 each.

A Close Call.

Mr. Ireland, who arrived in the city last evening from up the East Coast, brought news of an accident that occurred between what is known as Ireland's post and Oyster lagoon. Two old prospectors, Chas. Helstrup and Hugh Campbell, started from Mr. Ireland's post for Oyster lagoon in a small boat on September 7. When they struck the rapids just before reaching the lagoon they discovered that there was a big log right in the middle of the current. It was to late to steer clear of it so they got ready to jump. The boat struck the log and was smashed to splinters. The two men succeeded in jumping to the log before the boat struck, but when the boat did strike they were both knocked off. Campbell swam to shore and with the aid of a piece of rope saved his friend just as he was being swept under some drift wood. The rain was pouring down, it was pitch dark and the two men wet to the skin had to sleep in the woods. They made a breakfast on clams next morning, and luckily, while looking for a clam bed found their axe. They made a raft, and on the 12th of September arrived back at Ireland's where they were comfortably lodged and taken care of until they got over the effects of their exposure. In a letter written to the TIMES Messrs. Campbell and Helstrup speak highly of the kind treatment they received at the hands of Mr. and Mrs. Ireland.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

Mount Tolmie Park. Look it up.

FROM CHINA AND JAPAN.

The Steamship Batavia, of the Upton Line Again in Port.

The steamship Batavia, of the Upton line, arrived at the outer dock this morning, 14 days from Yokohama. She left Hongkong August 21st, Kobe on the 30th, Yokohama on September 3rd. She experienced moderate winds and fine weather until she neared the coast, when the weather came on thick and rainy. She sighted two schooners making for the coast on the 16th and 17th respectively. Her passengers were Captain and Mrs. Waterhouse and child, Mr. and Mrs. G. H. Whymark and servant, 60 Chinese and eight Japs. Her cargo consisted of 1615 tons distributed as follows: Victoria, 215 tons; Sound ports, 100 tons (all to be landed here); Portland and San Francisco, 450 tons; overland, 850 tons. It is made up of 7000 packages of tea, 7550 bags of rice and 550 tons of sundries.

She started to discharge her cargo as soon as she arrived and will leave in a couple of days for Portland to discharge the rest of her cargo. She will return here before going back to the Orient. She did not bring any later Oriental news than that brought across by the China and published in dispatches from San Francisco.

Mount Tolmie Park. Look it up.

On the Street Car Lines.

A new schedule of fares goes into force on and after Tuesday. On the Esquimalt line the single fare between Esquimalt and the city postoffice will be ten cents; no return tickets to be sold hereafter. Between new city boundary and postoffice, Victoria, with transfer, good for one half-hour, over one city line, the fare will be five cents. Between new city boundary and postoffice, Esquimalt, ten cents. School tickets will be issued for scholars under 16 years, with transfer good for one half hour over one city line, at the rate of twenty for one dollar. The time table is also changed, whereby the James Bay line cars will make ten minute trips daily till 9:30 p.m., when two cars will be taken off and 20 minute trips will be made till 11:20, the last cars leaving the fountain and outer wharf at that time. The last car on the Fort street line will leave the Jubilee hospital also at 11:20. An improvement which Mr. Higgins has been for some time endeavoring to bring about comes into operation under this new schedule. It is that the men last on duty at night will not be required to report for duty until about noon next day, instead of, as under the old schedule, having to report at six o'clock next morning. The longest run under this is ten and a half hours, and the arrangement has met with general satisfaction from the hands, among whom are 14 of the old hands who were on before the late trouble, and who were taken back because they were first-class men.

It is expected the new engines for the additional lighting power will reach here early next month, when facilities will be had for 2000 additional lights. There are 2100 lights to be served now, and orders are coming in every day for more which cannot be supplied.

As to extensions Mr. Higgins says the company expects this fall to complete those to Beacon Hill, the Driving Park, Tolmie avenue and Spring Ridge, aggregating about 2½ miles. The company intends though, as traffic offers, to make extensions next year, in fact they will go wherever there is a paying amount of business.

Board of Trade Notes.

There was a meeting of the Board of Trade Council this morning to consider the question of a Board of Trade building. A communication was submitted by Mr. Renouf suggesting the formation of a joint stock company. It was referred to the building committee.

The committee on better coast service to Comox are this afternoon interviewing the Messrs. Dunsmuir on the question as put forth by Dr. Helmcken at the last meeting of the Board, and will report in due course.

The annual report of the Board is nearly ready for publication.

Mount Tolmie Park. Look it up.

Dissolved Partnership.

In another column will be found the notice of the dissolution of the partnership heretofore existing between J. S. Bowker, jr., and Mr. F. W. Smith, doing business as real estate agents at 28½ Broad street. Mr. Bowker has retired from the business which will hereafter be carried on by Mr. Smith, who assumes all liability. Mr. Smith, since his arrival here, has made many friends in the business world and since being in business has enjoyed a fair share of public patronage, which he will no doubt add to.

The Hornpipe Dance Contest.

That hornpipe dance contest between Alex. Beeton and D. Ross is to come off after all. One side declared all arrangements fallen through yesterday, but it seems the stakes are up, all preliminaries arranged, and the contest will be carried out at the Philharmonic Hall to-morrow evening. There will be several good exhibitions of dancing in addition to the leading number of the evening. Captain R. Hicks, D. M. McKenzie and Sergt. Donahue of H.B.S.M. Warspite, are the judges.

Quarantined at Nanaimo.

Chief Sheppard, in confirming his telegram of yesterday to Sergt. Walker, conveys the information that his little daughter is down with the scarlet fever, which is very prevalent in Nanaimo just now. The chief and his child are quarantined in the house of the chief of police of Nanaimo, who has had to find other quarters, vacating in favor of the fever.

Bernhardt at Seattle.

Mr. Hanna, manager of the Seattle opera house, has written to Victoria asking if arrangements could be made for an excursion to Seattle during Sara Bernhardt's engagement there. She plays at Cordray's theatre, Seattle, on the 24th. It is quite probable that arrangements can be completed and a party made up to go over.

Great Scott!

Mrs. Scott, a lady living on the Fernwood road, this morning presented her husband and the city census enumerator with a 15 pound baby. Dr. Morrison attended at the presentation ceremony and vouches for the truth of the statement.

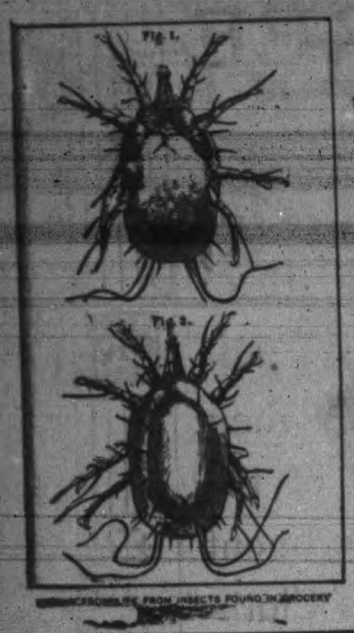
CHINESE - SUGARS; - WHAT - IT - IS - WE - MAY - BE - EATING!



MAGNIFIED FROM INSECTS FOUND IN GROCERY

In view of the introduction to the Province recently of considerable quantities of Chinese Sugars, it may be as well that the Public should be informed, on the very highest possible authority, of the danger that may be attendant upon their use.

Professor Cameron, Public Analyst, Dublin, a gentleman who has made it his special business to examine all kinds of Foreign Sugars, Refined and other, says that certain kinds of them should never be used. He states that they contain great numbers of DISGUSTING INSECTS, which produce a DISGUSTING DISEASE. Their shape is very accurately shown in the accompanying cut, which is magnified two hundred diameters. Figure 1 is the under side, and Figure 2 the upper. The Professor's description is as follows:—

"This insect ('the Acarus Sacchari') is a formidably organized, exceedingly lively, and decidedly ugly little animal. From its oval-shaped body stretches forth a proboscis terminating in a kind of scissors, with which it seizes its food. Its organs of locomotion consist of eight legs, each jointed and furnished at its extremity with a hook. In the Sugar its movements from one place to another are necessarily very slow, but when placed on a perfectly clean and dry surface, it moves along with great rapidity." He adds that the number of "Acari" found in Unrefined Sugar is "sometimes exceedingly great, and in no instance is the article quite free from either the insects or their eggs." He further says:—"The Acari Sacchari" do not occur in Refined Sugar of any quality, because they cannot pass through the charcoal filters of the Refinery, and because Refined Sugar does not contain any nitrogenous substance upon which they can feed."

COOLIE - MADE - AND - ALL - UNREFINED - SUGARS - SHOULD - NEVER - BE - USED!

Besides its being impossible for Canadian Labor to compete with Coolie Labor, rice fed and under paid, it is well known that Eastern Countries have always been the breeding ground for leprosy and all other loathsome and horrible human diseases, and hand labor there is so cheap that there is no inducement to employ machinery. Home Refined Sugar, on the contrary, is never touched by the human hand from the moment it reaches the refiner until it leaves him a perfectly safe and purified article.

☞ Use, therefore, Only Home Refined Sugars; They Are Absolutely Unadulterated, Pure and Cheap. ☜

TRANSPORTATION WANTED.

TO THE EDITOR:—I see by your weekly that a special steamer will leave New Westminster on Sunday September 27th, at 8 a.m., landing all goods at Cadboro Bay and thence they are to be delivered free of charge at the show grounds. How is it, Mr. Editor, that no such arrangements have been made for us at Cowichan Bay, Maple Bay, Burgoyne Bay and Vesuvius Bay? Chemainus is near enough the station, and some parts of Cowichan Bay, but there are settlers at Maple Bay (Chisholm's and Mahoney's) ten miles from the nearest station, and quite a number six miles or so away. Now in jolting flour, etc., in a heavy wagon, or even in a light wagon, over the roads here this distance it is hardly fit to show when it gets there. The same might be said of butter, etc. We have lots of fine sheep also, and might have a great many more were these mountains put in the market at about 25 cents an acre (all they are worth), instead of being locked up. It may be added that no steamer has called here for three months. A COWICHAN FARMER.

THE NECESSARY FIRST.

TO THE EDITOR:—I notice that an offer of the steamer Cariboo Fly has been made by Mr. Henry Saunders to the city council, for use as a fire boat, etc., and that as he offered to take debentures in payment, the matter was referred to the finance committee.

Now, sir, while, I fully appreciate the benefits of good fire protection, I feel assured I but voice the feelings of a large number of our citizens when I say that it would have been better had the council at once refused to entertain the offer, and made a stand against any such propositions for what may reasonably be termed unnecessary expenditure.

Granting, however, that a float for the extra protection of the water front would be an advantage, would not that advantage be almost entirely to the shipping, milling and warehousing industries? The city proper is, it is generally understood, well provided as regards fire protection, and these water front businesses enjoy the benefit of this protection in common with the rest of the city. But, of what advantage, except in an indirect manner, would a steam float be to the residents of the greater part of the city that the ratepayers should be taxed for its cost and maintenance? This, I submit, is a matter that should first come under the consideration of the Board of Trade and the merchants doing business along the water front, and the main part of the cost of a suitable vessel and the maintenance of the special staff necessary for its handling be borne by them.

With our roads broken up and in holes (I do not allude to those necessarily opened for sewerage or other purposes); with our sidewalks shaky, rotten and broken; with crossings unpaved and unclean; with a large amount of newly-acquired territory, demanding attention and opening up; with streets ungraded and without sidewalks, inducing dismal forebodings of many a wallowing through mud during the long dark evenings of approaching winter, when the electric light is indispensed; with the warning of the Chairman of finance that improvements and repairs must be curtailed; is it not but reasonable to ask the Council to devote itself to the putting the city in decent repair and order, and making it worthy its natural beauty and advantages, and leave such matters as the purchasing of a steam float—notwithstanding the payment may be made in debentures—to a more seasonable time? CITIZEN.

UNION MINERS' ASSESSMENTS.

TO THE EDITOR:—Kindly permit me to say a few unprejudiced words regarding Nanaimo union miners paying assessments for the special purpose of supporting the so-called Wellington strike. The Wellington idler sits on the fence at the mine of the Vancouver Coal Co., while the union miner descends the shaft of said mine, strips off his coat with intent to earn an honest living and provide for his wife and children, and moreover to prove himself a good and useful citizen of British Columbia. At the expiration of eight hours he ascends the shaft and on his arrival at the top, the idler, who has been sitting on the fence all the time, who never struck one blow of work, never loaded one pound of coal, on seeing the union miner with perspiration on his brow and the skin on his hands almost as hard as malleable iron, the result of hard toil and as outward sign of being industrious, he (the idler) immediately gets off the fence with his soft and flat by hands, the production of idleness and his face colored brown by the sun. He says to the union miner who has been risking life and limb, "You must give me one-sixth of what you have earned to-day. I have a wife and children to support, and you must contribute towards our support, and if you don't you will be discharged, notwithstanding your being in a free country."

Optional payment of assessments would be more productive of good than compulsory, because it then would be ascertained if the worker is willing to continue supporting the idler, and if not, will the idler continue idling without being supported. Tully Boyce, Nanaimo's false prophet, prophesied at a mass meeting of miners assembled in Maher's opera house last November, "When the winter is over and the spring cometh, then shall the trouble be at their own doors and they (meaning the Messrs. Dunsmuir) shall be brought to terms." Has this prophecy been fulfilled? It has not. The strike is practically a failure. The alleged boycott has taken no effect as yet upon the shipping of Wellington coal. I know for a certainty this colliery has been working steadily this last 10 months, excepting a few holidays caused by the breaking of the Wellington propeller. The Messrs. Dunsmuir can ship all the coal they have, and more if they had it. Tully Boyce has recently predicted that the Messrs. Dunsmuir within four years will be obliged either to shut down or sell out. Now what is his object in uttering such a prediction? His object is to prolong the strike and retain his position. Experience has taught me there are labor agitators whose hobby is to foment trouble, while they pose as the friends of workmen. The said agitators put employees against their employers, and one firm of employers against another. Such agitators are usually looked upon as being the saviors of workmen until workmen discover said agitators to be designing schemers, who seek their own aggrandizement and finally their services are dispensed with. The most civilized nations of the present day settle their disputes by pen, paper and ink, or arbitration, instead of sword, sabre and cannon ball. Should not employees and employers settle their disputes by the same method, instead of lockouts or strikes, which in the vast majority of cases leave the dispute unsettled, injure the financial condition of the employer and impoverish the employee? Moreover, they withhold the commodity from society which ought to be produced, and thereby cripple enterprise, being thus obstructive to progress and detrimental to the advancement of humanity.

Wars and strikes are the relics of our ignorant forefathers. They knew of no better method of settling a dispute than using force, and consequently wars and strikes ought to be abandoned. Right should be determined and not might. I suspect I have already occupied too much of your valuable space and I now conclude by hoping the time is not far distant when wars and strikes shall forever cease and man from the rising to the setting of the sun shall be free and every nation on this terrestrial globe shall hoist the trinitarian flag, peace, liberty and prosperity. As I am neither Truth, Wellingtonian, nor Wellington, and desire not a *nom de plume*, where, with to cover my identity, I subscribe myself W. GORDON.

Wellington, B.C., Sept. 17.

"Why, now I cannot get enough to eat," says one lady who formerly had no appetite, but took Hood's Sarsaparilla.

A BY-LAW

To Close a Portion of North Road.

WHEREAS it is expedient that a portion of North Road within the limits of the City of Victoria be closed;

THEREFORE BE IT ENACTED by the Mayor and Aldermen of the Corporation of the City of Victoria as follows:

From and after the final passage of this By-Law so much of the North Road in the said City of Victoria as extends from Chambers Street to the Fernwood Road, both in the said City, is hereby permanently closed and stopped up.

This By-Law may be cited as "The North Road Closure By-Law, 1891."

Passed the Municipal Council this 28th day of August, A.D., 1891.

Reconsidered and finally passed the Council the 2nd day of September, A.D., 1891.

MICHAEL KEALEY.
Nelson, 3rd Sept., 1891. se8-1w

A LIVE UNDERTAKING

By Which it is Intended to Colonize and Benefit British Columbia.

Under the Companies Act of 1890, The Immigration, Investment & Improvement Company (Ltd.) to-day received their articles of incorporation, the incorporators being His Worship Mayor Grant, Ald. Holland, W. H. Bone, Ald. Munn, Paul Pfeirdner and John Nicholles, with headquarters at Victoria, but with agencies in all the cities of the province and a principal agency at Chicago. The trustees of the company are Messrs. John Grant, Joshua Holland, H. A. Munn, W. H. Bone, and Paul Pfeirdner. It is the purpose of the company

To organize and manage excursion parties to the World's Columbia Exposition at Chicago in 1892, and to other places and points of interest, to make contracts with railways, transportation and other companies for the carrying, transportation, care, accommodation and board of such excursion parties and their baggage, for the insurance against loss by accident of the individual members of the same.

To promote and secure the representation of the natural and manufactured products of the Province of British Columbia at the World's Columbia Exposition at Chicago in 1893.

To carry on business as capitalists, financiers, concessionists, brokers, commission agents, and merchants, and to undertake and carry on and execute all kinds of financial, commercial, trading and other operations, and to carry on any other business which may seem to the company capable of being conveniently carried on in connection with any of these objects, or calculated to enchance the value of, or render profitable, any of the company's property or rights.

To guarantee or to become liable for the payment of money or for the performance of any obligations and generally to transact all kinds of guarantee business, also to transact all kinds of trust and agency business.

To buy, lease, exchange or otherwise acquire any lands or other property corporeal or incorporeal rights, franchises or privileges, and to sell, lease or otherwise deal with the same in any lawful way the company may deem advisable.

The capital stock of the company is $500,000, divided into shares of $100 each.

In organizing the excursion to the World's Fair, the company does not find its chief object. The intention is to carry out to the letter the object which the name of the company implies, and in instituting these excursions the idea is to give British Columbians an opportunity for seeing what can be done by the breezy Chicagoans, and in seeing they may learn. At the head of this company is a man with the true Chicagoan spirit. He will not fail in anything he attempts if all else fails through. Mr. Paul Pfeirdner is a Chicagoan, but he means, to use a Chicago phrase, to make British Columbia "hum" at the World's Fair. Twenty-five millions of people are estimated to visit the World's Fair and he is determined that 24,900,000 at least will go away with a good impression of British Columbia and that the province shall be better known all over the continent after the fair than it is now. To do this the example of most of the states of the union will be followed in establishing "British Columbia headquarters," where there shall be a British Columbia building, surrounded by British Columbia trees and flowers, furnished with British Columbia material—everything in and around it the produce of British Columbia labor and skill. This is an opportunity for everyone to contribute something, the lumberman his lumber, the mill man to prepare it, the furniture man his quota, the young lady her skill in needle and fancy work, and so on down to the smallest and most insignificant particular. The building could be put together here, and as the railroads carry exhibits free it could, after having been tested, be taken to pieces and put together again at the great fair. Then would there be a home for British Columbians visiting the fair, a place representative of their beautiful country on the Pacific Coast, and the banner Province of the Dominion. In these B. C. headquarters could be placed maps, newspapers and literature, giving information about the country. It would be a living advertisement which would have a lasting and world wide effect, and the result would be a tide of desirable immigration of mind, muscle and capital into this Province, which only needs such acquisitions for developing its great resources to make it the richest in the Dominion.

After the fair, and leading up to it, the company intends to do everything possible to further the interests of colonization os their prospectus sets forth.

The tickets for the excursion to Chicago during the World's Fair are only $125, and include one first class railroad ticket, return, sleeping and dining car accommodations, room and board in first class hotel in Chicago for six days, six admission tickets to the exposition, fourteen street car tickets, and an accident policy for $3000 or $15 weekly if the holder is disabled by accident.

It is a matter of astonishment that so many women suffer in silence the troubles peculiar to their sex when Dr. Williams' Pink Pills are an unfailing cure. Suppressions, derangements, weakness, etc., especially yield to their treatment. Sold by all dealers or by mail on receipt of price (50c. a box) by addressing Dr. Williams Med. Co., Brockville, Ont.

Washington Industrial Exposition.

For the Western Washington Industrial Exposition at Tacoma, the Union Pacific will sell on Mondays, Wednesdays and Fridays commencing September 16th, round trip tickets for $4.70. Tickets good for one admission to exposition and limited to five days from date of sale. Children under 12 half fare. For further information call on C. G. Rawlings, General Agent, 100 Government street.

A Long-Felt Want to be Supplied.

YOUNG & BARTLETT.

Mount Tolmie Park. Look it up.

Still in It.

We are requested to state that Jackson & Mylius have a full line of jewelry, diamonds, watches, etc., in new and elegant designs. Repairing and manufacturing a specialty. 76 Govt. street, Colonist building.

Her Face Her Fortune.

Is commonly said of famous beauties. She who uses with artistic taste Wisdom's Famous Robertine has fortune in the possessing of a complexion to which nothing but the blush of the rose or the freshness of the lily can be compared. This preparation is just what it is claimed to be—the most delightful toilet article and only perfect beautifier known. Read the testimonials from famous artists, celebrated chemists and eminent physicians. D. E. Campbell, agent.

Mount Tolmie Park. Look it up.

French Army Review.

PARIS, Sept. 17.—At Vitry Le Francaise, to-day, President Carnot and his cabinet reviewed the French army, consisting of 110,000 men, who have been taking part in extensive manoeuvres since September 3. There was an enormous crowd present, and the most fervent enthusiasm was manifested by the masses. De Freycinet, the minister of war, was unfortunately unable to be present with the rest of the cabinet ministers at the review. He caught a severe chill soon after the Candeuvre banquet, and has not yet recovered from it.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then HAVE NOT LOST A SINGLE DAY on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

COAL

The New Vancouver Coal Mining & Land Co., L'd.

(FORMERLY THE VANCOUVER COAL CO.),

ARE THE LARGEST COAL PRODUCERS ON THE PACIFIC COAST.

THE NANAIMO COAL

(Used principally for Gas and Domestic Purposes).

THE SOUTH FIELD COAL

(Steam Fuel).

THE NEW WELLINGTON COAL

House and Steam (Coal) are mined by this Company only.

THE "NANAIMO" COAL gives a large percentage of Gas, a high Illuminating Power unequalled by any other bituminous Gas Coal in the world, and a superior quality of Coke.

THE "SOUTH FIELD" COAL is now used on all the Leading Steamship Lines on the Pacific.

THE "NEW WELLINGTON" COAL, which was introduced early in the present year, has already become a favorite fuel for domestic purposes. It is a clean, hard coal, makes a bright and cheerful fire, and its lasting qualities make it the most economical fuel in the market.

The several Mines of the Company are connected with their Wharves at Nanaimo and Departure Bay, where ships of the largest tonnage are loaded at all stages of the tide. Special dispatch is given to Mail and Ocean steamers.

SAMUEL M. ROBINS,
Superintendent.

150 GOVERNMENT ST.

IMPORTANT NOTICE.

TO OUR PATRONS—The Victoria Electric Company purpose immediately entering upon an extension of their works by the erection of a new and commodious plant house and plant of large capacity, capable of accommodating the ever-increasing demand.

The new station will be located on Constance street where, aided by superior facilities for the production of Light, Power, etc., combined with large output, they will be able to offer even better service, at a very materially reduced cost to consumers.

Pending the completion of these works, every effort will be made to continue the past reliable service, and to deal with patrons fairly. Any believing, however, that they have a grievance are invited to have the difficulty adjusted by presentation to the undersigned

LOUIS REDON,
President.

FURNISHED ROOMS to let, from $6 monthly; or by the day or week. Next door to Fullerton's boot store, 103 Government street.

STANLEY HOUSE

General Dry Goods

Cor. Broad and Yates.

Our stock is rapidly approaching completion as regards Fall Goods. We invite you to inspect our first shipments of Jackets, Mantles, and Dress Tweeds. Our Jackets and Mantles are especially worthy of notice. In addition to our regular importations we have purchased at a considerable discount, a full range of German Manufacturers' Samples. They comprise some beautiful designs, and as this purchase gives us a very large stock we have marked all in this department even lower than our usual small profit. We have a first-class dress and mantle maker on the premises, and if we cannot give you a good fit we will make one to your order. In our own importations we pay special attention to extra small and extra large sizes. Garments altered free of charge. We would impress upon our customers the fact that we consider it no trouble to show goods.

W. S. HAMPSON & CO.,

NEW WELLINGTON

COAL

This Coal, mined by The New Vancouver Coal Company by UNION LABOR only, is supplied by the following Coal Merchants, at current rates:

The Victoria Coal, Wood & Lumber Yard.

Charles Rattray, Janion's Wharf.

Rock Bay Coal Yard.

Central Coal Yard.

"Nanaimo" Coal can be obtained from W. Drake.

DRUGGIST NOTICE.

I HEREBY NOTIFY THE PUBLIC that I have sold the good-will and business formerly carried on by me at 37 Yates Street, as chemist and druggist, to Messrs. Dean & Cryderman. I take this opportunity of thanking the public for the liberal patronage extended to me in the past, and hope for a continuance of the same for my successors.

J. TEAGUE, jr.

NEW ADVERTISEMENTS.

NOVEL AND NEW.

THE CANADIAN CO-OPERATIVE Supply Co. is the name of a new firm starting in to do business in the Belmont Block, No. 60 Yates street, P. J. Nolan, manager. The plan is the co-operative system, a plan that has met with great favor in Canada and the United States. It took so well in Chicago that a large watch factory adopted this method entirely to sell their watches. The plan is simply this:—They have a contract whereby a certain number of persons agree to co-operate together for the purpose of purchasing watches, clothing, etc., agreeing to pay $1 per week for so many weeks, unless they are released from the payment of any part of it by reason of having the article they subscribed for delivered to them. This contract is placed together once a week and a club member only draws out one contract, and the article is delivered to the member whose name appears on the contract. No more payments are required from him; he then drops out of the combination and a new one takes his place. se18-4t

TO WHOM IT MAY CONCERN

BE IT KNOWN that the copartnership existing between J. S. Bowker, jr., and F. W. Smith, under the firm name of Bowker & Smith, doing real estate business at 28½ Broad street, is hereby dissolved, J. S. Bowker, jr., retiring and F. W. Smith assuming liabilities as per schedule.

(Signed) J. S. BOWKER, JR.
F. W. SMITH.

Witnesses:
MALCOLM MCLEOD.
M. MADDUP.

F. W. Smith will continue the business. se18-1m

By order J. J. AUSTIN,
Victoria, 18th Sept. 1891. Sec'y.

NEW ADVERTISEMENTS.

MEMORANDUM OF ASSOCIATION

Under the "Companies Act, 1890."

The Immigration, Investment and Improvement Company of British Columbia (Limited Liability).

WE, THE UNDERSIGNED, John Grant, Joshua Holland, Henry Alexander Munn, William H. Bone, John Nicholles, of the City of Victoria, in the Province of British Columbia, Paul Pfordner, of Chicago, state of Illinois, U.S.A., desire to form a company under the "Companies Act, 1890."

1. The name of the Company shall be "The Immigration, Investment and Improvement Company of British Columbia (Limited Liability."

2. The principal place of business of the Company shall be at the City of Victoria, in the Province of British Columbia.

3. The capital stock of the Company shall be five hundred thousand dollars ($500,000) divided into five thousand (5000) shares of one hundred dollars ($100) each.

4. The time of the existence of the Company shall be fifty (50) years.

5. Five (5) trustees shall manage the concerns of the Company for the first three months, and their names are:—John Grant, Joshua Holland, Henry Alexander Munn, William H. Bone, and Paul Pfordner.

6. The objects for which the Company is formed are:—

(a.) To organize and manage excursion parties to the World's Columbian Exposition at Chicago in 1893, and to and from other places and points of interest, to make contracts with railways, transportation and other companies and persons for carrying, transportation, care, accommodation and board of such excursion parties and their baggage, and for the insurance against loss by accident of the individual members of the same.

(b.) To promote and secure the representation of the natural and manufactured products of the Province of British Columbia at the World's Columbian Exposition, Chicago, in 1893, and at such other expositions and fairs as the Company may deem advisable.

(c.) To carry on business as capitalists, financiers, concessionaries, brokers, commission agents and merchants, and to undertake and carry on and execute all kinds of financial, commercial, trading and other operations, and to carry on any other business which may seem to the Company capable of being conveniently carried on in connection with any of these objects, or calculated directly or indirectly to enhance the value of, or facilitate the realization of, or render profitable any of the Company's property or rights.

(d.) To guarantee or become liable for payment of money, or for the performance of any obligations, and generally to transact all kinds of guarantee business, and also all kinds of trust and agency business.

(e.) To buy, lease, exchange or otherwise acquire any lands or other property, corporeal or incorporeal rights, franchises or privileges, and to sell, lease or otherwise deal with the same in any lawful way the Company may deem advisable.

(f.) To establish agencies of the Company wherever the Company may deem it advisable, in order to extend and render profitable the business of the Company.

In testimony whereof the parties hereto have made, signed and acknowledged this memorandum of association in duplicate, at the City of Victoria, in the Province of British Columbia, this 15th day of September, A.D. 1891.

Made, signed and acknowledged by the said John Grant, Joshua Holland, Henry Alexander Munn, William H. Bone, John Nicholles, and Paul Pfordner, in the presence of D. W. Monnow, Notary Public, B.C.

JOHN GRANT.
JOSHUA HOLLAND.
